

# Pinewood American International School

## English Language Center.

**Welcome to Get Going!** – a totally new and innovative English course designed especially for teenagers.

You will be introduced to a large range of topics which are of direct relevance and interest to your age group.

Some of the subjects we will be focusing on this year are:

- Life Skills
- Environmental Issues
- Music
- The Media and Technology
- English Literature
- Teen Issues
- Aspects of Art

Not only will you gain knowledge of world issues but you will also develop an appreciation of English Literature.

You will be improving your speaking and writing skills through responding to a variety of text-types and also by presenting material to the class.

Some of the material for the course will be taken from course books used at Pinewood.

You will also be guided to appropriate websites to supplement your reading.

Course participants will have free access to our wonderful library with a wide range of teenage fiction to choose from.

*Course designed and taught by Marianne Dundon*
